SUNSET HOUR

Decompress and let the stress of your day melt away as you imbibe and indulge during Seaspice's take on happy hour. Soak in the sensational view as the Miami sun sets over the water, an effervescent glass of champagne in hand. Or let us pour you one of our handcrafted cocktails, served with luxurious nibbles like succulent oysters, decadent caviar, and other delectable bar bites. You won't find piped-in music at Seaspice's "Sunset Hour"; rather, you'll enjoy live music spun by our house DJ. And well drinks? Out of the question. Enjoy all bottles, wines by the glass, and top shelf spirits at ½ off. We look forward to spoiling you from 5-7pm weekly between Tuesdays and Fridays.
